MORE BRIGHTWOOD LAND

SOME CHANGES TO BE MADE IN ONE ANNEXATION ORDINANCE.

Additional Ground to Be Taken In-Owner of Big Tracts in Outskirts Appear and Protest.

It is probable that the finance committee of the Council will report the Brightwood with some amendments to-morrow night, but it seems that no changes will be suggested with reference to Haughville, Mt. Jackson and West Indianapolis. When the committee met in the Council chamber yesterday there was as much interest manifested as at the session of of the Council the night before, when the ordinances were introduced, and large delegations appeared wearing annexation badges. Although there was a big crowd present no one appeared to have any objections to offer when the names of the different towns were called. The Armstrong brothers, who own territory in the vicinity of North Indianapolis, which it is now proposed to annex, objected to having their park land and farm land annexed, although they had no ebjections to having the platted ground taken in. It is likely that their wishes will be regarded.

In the case of Brightwood it is likely that the committee will recommend that the boundary lines described in the ordinance annexing that suburb be changed so as to extend down the Belt Railroad and include all territory west of the Belt and north of the Panhandle lines south of Washington street. Jacob Rupp, John W. Keeling and H. J. Prier objected strenuously to the annexation of real estate in the extreme east in which they are interested. Mr. Dewar, a member of the finance committee, was of the opinion that the Brightwood ordinance as introduced did not in-The Uses and Limits of Law." Miss Watrus, pany. From this it appears that a neck of land south of the corporation was included while a part already platted but not incorporated, to the north, was left out, This latter strip will be taken in in order The committee is also considering the idea of annexing a piece of property beginning at the corner of College avenue

nexing the western suburbs were sug-Some changes in street names will have to be made, as some of those in the suburbs 467 Addison street, Friday afternoon at 2 o'clock, are the same as in Indianapolis, and in March 19, 1827. Home and Foreign Mission meets at residence of H. C. Jordan, 548 West Thirty- with the same names. Some of the streets are the same as in Indianapolis, and in of the city, run into the suburbs, West Michigan running into Haughville and Morris into West Indianapolis. There were speculations as to whether the numbers would be continued at the same ratio, using one hundred numbers to the block from Meridian street, or whether the numbers in the suburbs, would be on a different basis, with River avenue for the base line of the east and west streets.

CHANGING THE CHANNEL.

Mr. Jeup Explains the Pogue's Run Improvements. The plan of the administration to make an open drain out of Pogue's run at a cost of approximating \$30,000, instead of a covered sewer to cost \$600,000 or \$700,000, was explained to the Journal yesterday by City Engineer Jeup. It is believed that the present condition of the run from the Washington-street crossing, at Noble street, to the Union Depot, where the sides have been

walled in with stone, will remain practically unchanged. Northeast of Washington street, out to the Arsenal grounds, however, it will have to be widened and deepened considerably, and at a number of points the course will have to be straightened. It is said that by this plan much land that is now practically useless may be reclaimed. Some property will have to be condemned for the new channel. The most radical changes are in the immediate vicinity of the Arsenal, where the course of the stream is as crooked as a spiral bedspring, and where the water backs up and floods a very large area. At this point considerable valuable land can be reclaimed, it s said, by straightening the stream. Mr. Jeup said that it was the purpose to change the channel to an average width of forty feet and to an average depth of ten to eleven feet below the surface. This would form a natural sewer or drainage duct with a section area of 400 square feet, This he regards as sufficient waterway to carry off all surplus water in the entire district, providing the outlet is adequate. At present the outlet is not adequate. Pogue's run passes under the southeast corner of the Union Depot. Some changes will have to be made here. The run passes through two arches which take up much room, and which act as a breakwater, retarding the flow of the stream and causing it to back up quite a good deal. Unless this is remedied it is recognized that there would be danger of the entire section of the city around the Union Depot becoming flooded in case of high water from the increased drain from the regions northeast of town. There is another place where the channel runs through three arches. That is at the railroad frog works, directly south of attracting attention to our handsome woman's of the depot. So far it has not been determagazine, thirty-two to thirty-six pages, each | mined just how to remedy these difficulties, Either the arches will be taken out entirely or the channel will be deepened at the depot. Below, at the frog works, the same remedy may be applied, or a side drain may be built, carrying off surplus water in high tide and connecting with the main run below the frog works again. The lower extremity and the final outlet of the run will also be placed in proper condition. Mr. Jeup said | State: yesterday that it would not do to attempt to care for the overflows at the upper end of the run without providing an ample out-

This plan seems to meet approval, especfally from those who objected to being assessed for a sewer, but a number of property owners in the east and northeast still think a sewer should be made. Some doubt whether an open drain will serve more than

ble already \$5,000 for this purpose. DOWN AN EMBANKMENT

D WEEK ITHIRD

Messenger's Great March Sale

of Furniture, Carpets and Curtains &

DIEMONE MONTHE MONTH MAN THE M

Our buyers have again filled our building with bargains that will make this week the busiest we have ever had. Every woman in Indianapolis and the adjoining cities will be interested as never before in the surprising bargains that a small amount of money will place in their possession—beautiful pieces of furniture, handsome Rugs and Carpets, and dainty Lace Curtains. No trash or shoddy factory-made goods in this sale. The same money that buys trash elsewhere will buy reliable articles at our store that will last a lifetime and be a constant source of gratification. We warn our customers against the flimsy, pretentious looking pieces of furniture that have been advertised in our city as "bargains;" they are shoddy and are not made on honor. What is offered you is only a cheap IMITATION of fine furniture.

U. OF I. ATHLETICS.

A Baseball Team to Be Organized at

The University of Indianapolis athletic board of control met yesterday afternoon. One representative from each department of the university, together with an alumnus, Hilton U. Brown, of the Indianapolis News, compose this board. Plans have been laid for the spring campaign in athletics. Dr. George Hunt, of the dental school, was elected manager of the baseball team. The different schools have been well canvassed and there is abundant material for a first-class baseball team. There is a large number of old players in Butler, and several in the law, medical and dental schools will each contribute their share to U. of I.'s first ball team. Practice will begin at once, and applicants for positions on the team will report to Dr. Hunt. Alonzo S. Roberts was elected manager of the field and track athletics. James L. Zink, physical director at Butler, was elected as assistant and trainer. There are number of good men now in training. The gymnasium at Butler'is open for al of I. students. New material is devel-

oping very rapidly at Butler, while the old like Hester, Lister, Roberts, Allen and others, can always be counted on to acquit themselves creditably. The State field day will be held at Terre Haute this year May 25. There will be a mass meeting of the students soon. The purpose will be to stir up more general enthusiasm in

K. AND I. BRIDGE REPORT.

Receivers Show an Increase in Gross Earnings. The receivers of the Kentucky and Indiana Bridge Company, Messrs. McLeod, Felton and Tracey, filed their report for the year ending Oct. 31 last in the United States Court yesterday. The report shows next June. It will be necessary to remove the flooring of the bridge and do some trestle work on the Kentucky side. The figures of the report show gross earnings of \$239,-259.54; expenses, \$153,164.38; net earnings. \$89,214.54. The gross earnings show an increase of \$16,914.89 over the preceding year operating expenses show a decrease of \$6,994.29, the net earnings increasing \$23,709.18. Included in the expenses were extraordinary expenses for painting, re-construction and ties amounting to \$13,-

"I shipped your lambs to-day to Buffalo, N. Y. The average weight of the 111 head was 110 pounds. They were the best bunch of lambs I ever bought. The lambs referred to above were all raised by Governor Mount and were ten and a half months old.

DUMB AS AN OYSTER. Colbert Has Information in Redmond

Murder Case. Superintendent Colbert was asked last night it the police department had any evidence against Carl Harvey and Edward Phillips, the men arrested in connection with the Redmond murder, which had not yet been made public. "I have nothing," he said in the manner

he employed during the time the two men

were kept concealed at the police station. "I am as dumb as an oyster; but I will say this much: This trial will not prove to be a Charley Ross case." "How's that?"

Why, Charley Ross was never found." SETTING FIRE TO STABLES.

Incendiarism Breaks Out on West North Street. At 3:30 o'clock yesterday morning the stable in the rear of No. 293 West North street, owned by Mrs. Manyon, was deorigin. The fire communicated to five other stables and sheds, which were destroyed. The entire loss will amount to nearly \$1,000. Early during the night two other stable fires of probable incendiary origin oc-

curred in the same locality. Two Small Fires.

Early yesterday afternoon a defective flue caused a loss of \$35 in the house occupied by Samuel McMullen, at 63 St. Peter street. At 8 o'clock last night the house of Charles Overman, 86 Minerva street, was damaged to the extent of \$75 on account of an overheated stove.

A Lawrence Township Quarrel. Magistrate Lockman yesterday heard the trial of a case which brought up the story of a neighborhood quarrel in Lawrence township. Several weeks ago Cyrus Mc-Ghehey leased the farm of Mrs. Edward Bash. The lease was drawn up and Mc-Ghehey took possession and began the spring work. The husband of Mrs. Bash attended to the business. He took the lease to his wife to sign after he and Mc-Ghehey agreed on it. According to the testimony adduced yesterday, Bash changed his mind about allowing McGhehey to have the farm and made a new deal with Wii-

among other things, he opened a sugar camp and had it well under way. Wednesday Emory and Frank Wardlow, his hired man, drove into the sugar camp to take possession of the place. McGhchey refused to move and they attempted to take forcible possession. McGhehey drove them both off the farm and they went in such a hurry that they forgot their team. Thursday they had McGnehey arrested for

provoke and Magistrate Apple, of Oaklanion, fined him. McGhehey then came to this city and secured warrants against the two men for trespass. Constable Huston arrested the men and they were tried yesterday. Magistrate Lockman fined Emory and costs and took the case against the hired man under advisement.

DIDN'T SEE THE OTHER CAR. John Wagner Knocked Down and Hurt on College Avenue.

John Wagner, of 543 Reno street, was struck by a College-avenue car last night at the corner of Seventeenth street, and seriously injured. He alighted from one car and started across the street back of it, A car approaching from the opposite direction knocked him down. He was taken home in the city ambulance and Dr. Fisk was summoned to attend him. It was found that one rib was broken and that he was badly bruised about the head and body. Two toes of the right foot were cut off and the foot was split open and crushed. It is not believed the injuries will result fatally unless there is some internal shock It is claimed that the car which struck Wagner did not sound the gong, as is the

custom when cars meet. VITAL STATISTICS—MARCH 13.

John H. Clark and Hattie May Clark. Union National S. and L. Meeting. The annual meeting of the Union National Savings and Loan Association was held yesterday afternoon, at the home office, No. 65 East Ohio street. This is the association which was attacked last summer, when an effort was made to throw it into the hands of a receiver. The officers of the association say that on account of this litigation a large number of its stockholders were present from different parts of the State. It was the largest stockholders' meeting. it is claimed, the association has ever had there being more actual shares represented. The stockholders adopted this resolution: "Be it resolved by the stockholders of the Union National Savings and Loan Association, in annual meeting assembled, "That all of the official acts and records of the board of directors and of each and all of the other officers of said asociation during the year just closed, be, and they are, each and all hereby approved, ratified and confirmed, and we hereby extend to the officers of said association our thanks and congratulations on account of the successful and effective defense of the association against the assaults of its enemies in attempting to wreck it and place it in the hands of a receiver. We deem it a special source of congratulation that, notwithstanding the great expense and loss of time occasioned by such litigation, the association has continued to prosper and has been able to declare its usual dividends. and that the confidence of the stockholders in its management and in its future is un-

Man and Woman Fight.

Nellie Miller, a colored woman, and a loon and restaurant on West Ohio street, had a dispute and concluded to settle it by a fight. The man decided to end the fight at once, and grabbed a cuspidore, with which he knocked the woman down. But she was game, and whipped out a knife and slashed the man across the face. The man ran out of the place and disappeared, No one seems to know who he is. The woman also disappeared before the police arrived.
